OBJECTIVE

I'm Nurfadhilah, a 25-year-old software engineering student at UPSI. I love building full-stack web applications with React and Laravel, experimenting with local AI like Ollama, and competing in hackathons like KitaHack. Whether I am designing in Figma, automating workflows, or troubleshooting WordPress, I am eager to bring my problem-solving skills and hackathon experience to your innovative engineering team.

SKILLS

Programming Languages: JavaScript | PHP | Python | HTML/CSS | SQL | Java | C++
Operating Systems: Windows | Ubuntu | Alpine | Android
Frameworks & Libraries: Laravel | CodeIgniter | Flutter | Vue.js | React | Node.js | Bootstrap | Tailwind
Databases & Tools: MySQL | PostgreSQL | MongoDB | SQLite | Git | GitHub | Jira | Postman | Swagger | Power BI | Navicat | Excel | Firebase | Laragon | XAMPP | WinSCP
DevOps & Cloud: AWS | Google Cloud | Azure | Docker | Ansible | Kafka | Vercel | Railway | Laravel Forge
Software & Platforms: Figma | cPanel | Power Apps | Filmora | Canva | WordPress | Glide
AI & Automation: Ollama | Openclaw | n8n | Lovable | Claude | Antigravity | Codex | Tavily
Languages: Native/Bilingual: Malay | **Professional:** English | **Basic:** Korean, Chinese, Japanese

EXPERIENCE

B2BE GSS Sdn Bhd | Petaling Jaya, Selangor — Mar 2026 - Present

Software Engineer | **Intern**

- Contributed to full-stack platform development using Vue.js and Laravel, including API work documented with Swagger, within an Agile, ticket-driven workflow using Git and GitLab.
- Debugged and resolved issues across the client web portal through log analysis and root-cause investigation on Vue.js and Laravel systems, coordinating fixes with cross-functional teams.
- Led development of the migrated corporate website on WordPress/Elementor, building new pages, custom widgets and features from prototype designs.
- Engineered workaround solutions, balancing design fidelity with SEO requirements, coordinating with design and SEO leads to resolve technical blockers.

Research Management and Innovation Centre, UPSI | Tanjong Malim, Perak — Nov 2023 - Feb 2025

Assistant System Engineer & Web Developer | **Part Time**

- Developed and maintained data management systems, optimizing database performance and ensuring efficient data storage and retrieval for large datasets.
- Administered and optimized databases using Navicat, performing complex query tuning and data migration tasks to enhance system performance and accessibility.
- Engineered dynamic, responsive user interfaces for web applications using HTML, CSS, and JavaScript,

backed by the CodeIgniter4 PHP framework.
- Collaborated in an agile team environment, participating in code reviews and architectural planning sessions to maintain high code quality and project alignment.

The Ship Campus | Batu Kawan, Pulau Pinang Oct 2021 - Oct 2022

Webmaster | **Full Time**

- Spearheaded a complete website redesign using Figma for prototyping and WordPress for development, resulting in a modernized UI and a 30% improvement in user navigation efficiency.
- Engineered custom WordPress plugins and dashboards to visualize key performance metrics (traffic, engagement, conversions), enabling data-driven strategic decisions.
- Implemented comprehensive data tracking by integrating Google Analytics with custom event tracking, providing deep insights into user behavior that informed content strategy.
- Managed full website infrastructure via cPanel, performing security updates and performance optimizations that achieved 99.9% uptime and a 15% reduction in page load times.

EDUCATION

Universiti Pendidikan Sultan Idris | Tanjong Malim, Perak Expected to Graduate, Nov 2026

Bachelor of Science in Software Engineering (Educational Software)

- CGPA 3.85
- Relevant Coursework: Artificial Intelligence, Software Engineering, Database Systems, Web Application Development, Human-Computer Interaction

Universiti Pendidikan Sultan Idris | Tanjong Malim, Perak Graduated, Sept 2021

Diploma of Computer Science

- CGPA 3.86
- Relevant Coursework: Programming Fundamentals, Data Structures, Object-Oriented Design, Network, Cybersecurity

VOLUNTEER

Universiti Pendidikan Sultan Idris | Tanjong Malim, Perak Oct 2024 - Oct 2025

President of UPSI E-Sports Club (UEC)

Universiti Pendidikan Sultan Idris | Tanjong Malim, Perak Oct 2023 - Oct 2024

Media Committee of Software Engineering Club (PKP)

Universiti Pendidikan Sultan Idris | Tanjong Malim, Perak Oct 2023 - Oct 2024

Technical Committee of Continental Student Associates (CSA)

CERTIFICATION

Foundation Certification in DevOps (FCDO) Aug 2026

Global Association for Quality Management (GAQM)
